| Financial Sector Supervision  | 1. Develop and strengthen banking regulations in line with international standards   | Cook Islands | 1.1 Supervisors and regulations require banks to apply sound policies and processes to identify, measure, monitor and control their financial risks on a timely basis and assess their capital adequacy in relation to their risk profile | RBS framework enhancement program. First follow-up mission. Develop a comprehensive suite of prudential statements.               | 7                                  | 16  | 23    | 1 |   | 7          | 16    | 23  | 1   | 100%  | June 2017  | (i) Applicable guidelines and regulations are drafted by April 2018<br>(ii) Applicable guidelines and regulations are finalized and formally issued. April 2019   | RBS enhancement program was initiated in FY2017. The program will provide technical assistance in key components of RBS framework – regulations; risk identification and assessment; risk rating; and supervisory action planning. | Stefanou/Expert |
|   |  |              | 1.2 Supervisors and regulations require banks to have robust governance policies and processes covering among others effective board and senior management oversight and sound control environment.                                       |   |                                    |     |       |   |   |            |       |     | (i) Applicable guidelines and regulations are drafted by April 2018<br>(ii) Applicable guidelines and regulations are finalized and formally issued. April 2019 |   |  |   |  |                 |
| Financial Sector Supervision  | 2. To implement a risk-based supervision (RBS) system and upgrade other supervisory processes  | Cook Islands | 2.4 Strengthened institutional structure and operational and procedures for RBS implementation  | RBS framework enhancement program. Second follow-up mission. Develop more in-depth and risk-based on-site examination assessment. | 7                                  | 16  | 23    | 1 |   | 10         | 16    | 26  | 1   | 0%  | Feb 2018   | (i) Risk rating model, including impact index, is developed and implemented. October 2018<br>(ii) Risk-based supervisory action planning process developed and implemented. October 2018  | Assisting with documenting on-site examination framework, on-the-job training and technical training in assessment of key bank risk areas.   | Stefanou/Expert |
| Macroeconomic Management  | 1. Improved macroeconomic policy advice to government and central bank management  | Cook Islands | 1.2 Sound medium-term macroeconomic framework   | Support the use of the Cook Islands macroeconomic and fiscal framework.   | 5                                  | -   | 5     | 1 |   | 5          | -     | 5   | 1   | 0%  | March 2018   | (1) The Cook Islands macroeconomic and fiscal framework continues to be used in budget preparations (Jun. 17).  |  | Claus           |
| Real Sector Statistics  | 1. Strengthen compilation and dissemination of data on macroeconomic and financial statistics for decision making according to the relevant internationally accepted statistical standard, including developing/improving statistical infrastructure, source data, serviceability and/or metadata. | Cook Islands | 1.4 Data are compiled and disseminated using the concepts and definitions of the latest manual/guide.   | Review measures of primary and secondary income flows in ESS  |                                    |     |       |   |   |            | 23    | 23  | 1   | 100%  | September 2017   | Relative to the baseline for BOP data, current, capital, and financial accounts of the balance of payments statement are defined according to the guidelines of the BPM6 by January 2018  | • Primary and secondary income flows further improved to support valid measure of GNI (January 2018)   | Robertson       |
|   |  |              | 1.3 Staff capacity increased through training, especially on developing source data, compilation methods, and dissemination   | Build local capacity through training on ESS concepts, sources and methods  |                                    |     |       |   |   |            |       |     |   |   | Relative to the baseline, the number of staff trained to compile and/or disseminate these statistics is adequate by January 2018                           | • Staff further trained in ESS concepts sources and methods rebased GDP estimates (January 2018)  |  |                 |
|   |  |              | 1.3 Staff capacity increased through training, especially on developing source data, compilation methods, and dissemination   | Improve capacity on rebasing principles and industry-specific methods   |                                    |     |       |   |   |            |       |     |   |   | Relative to the baseline, the number of staff trained to compile and/or disseminate these statistics is adequate (RBM NA 3.1) by March 2018                | • Staff trained in compiling and disseminating rebased GDP estimates (March 2018)   | Andrews  |                 |
|   |  |              | 1.4 Data are compiled and disseminated using the concepts and definitions of the latest manual/guide.   | Assist with rebasing GDP by production using latest benchmark information   | -                                  | 21  | 21    | 1 | -   | 21         | 21    | 1   | 0%  | March 2018  | Relative to the baseline, deviations from 2008 SNA are reduced and/or eliminated (RBM NA 4.1) by March 2018  | • GDP system calculations updated to reflect new base year of 2012 (March 2018)<br>• Rebased AGDP estimates (base year 2012) compiled (March 2018)  |  |                 |
|   |  |              | 1.12 Higher frequency data has been compiled and disseminated internally and/or to the public   | Assist in refining the compilation process for QGDP; improve dissemination practices  |                                    |     |       |   |   |            |       |     |   |   | Frequency of national accounts compilation and/or dissemination improves from annual to quarterly, or from quarterly to monthly (RBM NA 12.1) by June 2017 | • New QNA estimates are compiled within 6 months of the reference period (March 2018)   |  |                 |
| Government Finance Statistics   | 1. Strengthened macroeconomic and financial statistics compilation and dissemination for decision making: compilation methodologies in line with international standards for GFS   | Cook Islands | 1.9 Data are compiled and disseminated using appropriate statistical techniques, including to deal with data sources, and/or assessment and validation of intermediate data and statistical outputs.                                      | Refine compilation techniques for using various administrative data sources to reduce statistical discrepancies.                  | 5                                  | -   | 5     | 1 |   | 5          | -     | 5   | 1   | 100%  | July 3 - 7   | • Cook Islands National Statistics Office (CINSO) and Crown Accounts Divisions (CAD) to work with departments to reconcile discrepancies for the flows recorded in the accounting system and the asset registers.<br>• The CINSO and CAD to reconcile discrepancies that may exist in the financial balance sheet, the changes in cash balances. [RBM – GO – 9.8] by December 2017. | Improved data for GFS compilation and dissemination.   | DeLaBeer        |
|   |  |              | 1.12 Higher frequency data has been compiled and disseminated internally and/or to the public.  | Compile, review and disseminate data to the IMF Statistics Department.  |                                    |     |       |   |   |            |       |     |   | • The CINSO to compile and disseminate consolidated public sector annual data, at least three-year time series.<br>• The CINSO to produce and disseminate quarterly data for the International Financial Statistics (IFS) by December 2017. [RBM – GO – 12.3] |  | GFS for general government / public sector operations are compiled and disseminated on a annual/quarterly basis.  |  |                 |

| Financial Sector Supervision | 2. To implement a risk-based supervision (RBS) system and upgrade other supervisory processes  | Vanuatu | 2.4 Strengthened institutional structure and operational and procedures for RBS implementation                              | RBS framework enhancement program. Diagnostic to assess effectiveness and efficiency of RBS framework and develop TA strategy and plan  | 7                                  | 16  | 23    | 1 | 7   | 16         | 23    | 1 | 100%                                   | May 2017                      | 1) RBS Framework Enhancement Strategy and TA Plan developed and initiated. October 2017   | Initial mission to determine current RBS implementation status and identify priority TA. Mission on-site undertaken. Finalization of mission work in progress.   | Stefanov/Expert    |
|                              |  |         | 2.4 Strengthened institutional structure and operational and procedures for RBS implementation                              | RBS framework enhancement program. First follow-up mission from diagnostic. Focus to be on a key RBS component: Regulation; Risk Identification and Assessment; Risk Rating; or Supervisory Action Planning | 5                                  | 19  | 24    | 1 | 8   | 13         | 21    | 1 | 0%                                     | April 2018                    | 1) Milestones for follow-up missions to be based on RBS Framework Enhancement Strategy and TA Plan  | Continuation of RBS framework enhancement program. Mission scope determined by diagnostic mission.   | Stefanov/Expert    |
| Macroeconomic Management     | 1. Improved macroeconomic policy advice to government and central bank management  | Vanuatu | 1.2 Sound medium-term macroeconomic framework   | Support the use of the national framework for revenue forecasting in budget preparations and the Model of the Vanuatu Economy (MOVE) to produce economic projections.                                       | 5                                  | -   | 5     | 1 | 10  | -          | 10    | 1 | 100%                                   | Aug 21 - Sep 1                | (1) The Model Of the Vanuatu Economy is used in monetary policy settings and policy analysis (Apr. 18). (2) The national framework for revenue forecasting is used in budget preparations (Dec. 17). (3) Documentation on the MOVE is publicly available (Apr. 18). |  | Claus              |
|                              |  |         |   | Quantify the price and inflation effects of import duty reductions.   | 5                                  | -   | 5     | 1 | 5   | -          | 5     | 1 | 0%                                     | Apr 2018                      | (1) Advice on revenue reform is empirically based (Apr. 18).  | The element of the mission is part of the TA PFTAC has been providing to support the implementation of income tax in Vanuatu.  | Claus              |
| Public Financial Management  | 3. Improve budget execution and control.   | Vanuatu | 3.1 Budget execution and controls are strengthened  | Strengthening Internal Audit  | 0                                  | 20  | 20    | 2 | 2   | 20         | 22    | 2 | 0%                                     | November 2017                 | 1. Payroll and procurement manual developed by PFTAC by mid November, 2017. 2. Auditors trained by PFTAC and using manual by end of November 2017.  | Builds on 2016 TA, involves on and off-site work; LTX will participate in the discussion of next year's work plans of auditors, back to back with another mission.   | Prcevic/ Marzan    |
| Public Financial Management  | 4. Improve coverage and quality of fiscal reporting  | Vanuatu | 4.2 Comprehensiveness, frequency, and quality of fiscal reports is enhanced   | Scoping mission for capacity development on accounting and reporting  | 12                                 | 19  | 31    | 1 | 12  | 19         | 31    | 1 | 100%                                   | July 3 - 12                   | 1. Gap analysis, action plan developed by PFTAC and adopted by authorities by October 2017; 2. Staff trained on IPSAS application on July 2017.   | Part of PFM Roadmap.   | Marzan/ Uluinaceva |
|                              |  |         | 4.2 Comprehensiveness, frequency, and quality of fiscal reports is enhanced   | Development of Accounting Manual  | 0                                  | 21  | 21    | 2 | 5   | 21         | 26    | 2 | 50%                                    | From October to November 2017 | Accounting Manual drafted and adopted by authorities by January 2018. 2. Staff trained on the manual by October 2017.   | Involves on and off-site work. LTX will join the onsite mission.   | Uluinaceva/ Marzan |
| Real Sector Statistics       | 1. Strengthen compilation and dissemination of data on macroeconomic and financial statistics for decision making according to the relevant internationally accepted statistical standard, including developing/improving statistical infrastructure, source data, serviceability and/or metadata. | Vanuatu | 1.3 Staff capacity increased through training, especially on developing source data, compilation methods, and dissemination | Build independent compilation capacity  |                                    |     |       |   |   |            |       |   |  |                               | Relative to the baseline, the number of staff trained to compile and/or disseminate these statistics is adequate [RBM NA 3.1] by August 2017  | • Two new compilers trained on revised methodology, data collection, compiling rebased GDP estimates and dissemination of rebased GDP estimates (August 2017)<br>• Returning compiler given more in-depth training on rebasing principles and procedures (August 2017)   | Wild               |
|                              |  |         | 1.4 Data are compiled and disseminated using the concepts and definitions of the latest manual/guide                        | Refine sources/methods; revise CPI/GDP rebasing plans   | 14                                 | -   | 14    | 1 | 12  | -          | 12    | 1 | 100%                                   | August 2017                   | Relative to the baseline, deviations from 2008 SNA are reduced and/or eliminated [RBM NA 4.1] by February 2018  | • Review use of VAT data to estimate output and IC for various industries (August 2017)<br>• Update estimates of GPCE from GFS data (August 2017)<br>• Review and update the own-account construction model (August 2017)<br>• Rebase of GDP(P) and GDP(E) to 2010 (February 2018)<br>• Balancing to reduce discrepancy values (February 2018) |                    |
